Control Process Company offers

LOAN UP TO 70 MILLION EUR

for every building of industrial or infrastructural works.

Loan for:

- public companies
- private companies/funds

Examples of investments
in the oil and gas sector:

- GAS PROCESSING PLANTS
- OIL PROCESSING FACILITIES
- UNDERGROUND GAS STORAGE
- GAS COMPRESSOR STATIONS
- PIPELINES

Conditions of the loan:

- repayment period: 2-12 years
- interest rate from 1% depending on the investment's location and risk
- investment located in: Croatia, Serbia, Bosnia and Herzegovina, Kosovo, Montenegro, Albania, Macedonia, Moldova, Ukraine, Belarus, Russia
- construction works must be performed by Control Process
- at least 30% of polish technology must be applied

SELECTED CONTROL PROCESS MAJOR PROJECTS IN OIL & GAS SECTOR

Project LMG. EPC formula contract for comprehensive realization of all near-well zones of the natural gas and oil mine.

Oil production: 400 000 tons / year
Gas production: 250 000 000m³ / year
Duration: 2009 - 2013

Underground gas storage facility „Kosakowo„.

Capacity: 250 mln Nm³
Gas injection rate : 400 000 Nm³ / h
Duration: 2011 - 2013

Development of the natural gas mine – Przemyśl- Zachód.

Production capacity (after expansion):
12 500 Nm³ / h
Duration: 2011 - 2013

Reconstruction of distribution & surveying hub Gustorzyn by introduction of new pipelines DN 700.

Throughput (after extension): 3 620 000 Nm³ / h
Duration: 2012 - 2013

Gas compressor station „Jarosław II”.

Plant capacity: 300 000 m³ / h
Duration: 2010 - 2011

HISTORICAL REFERENCE LIST OF PROJECTS IN OIL & GAS SECTOR

2015 Radlin Natural Gas Plant, Poland
2014 Jata Natural Gas Plant, Poland
2014 Pogórska Wola Gas Compressor Station, Utilities, Poland
2014 Mołodycz Natural Gas Plant, Poland
2014 Ernei, Gas Compressor Station, Romania
2013 Wierzchowice Natural Gas Plant, Poland
2013 Żurawica Gas Compressor Station, Poland
2012 Delenii, Gas Compressor Station, Romania
2012 Gustorzyn Gas Transmission Station, Poland
2012 Husów Natural Gas Plant, Poland
2012 Siedleczka Natural Gas Plant, Poland
2012 Białoboki Natural Gas Plant, Poland
2012 Łapanów Natural Gas Plant, Poland
2012 Swarzędz Underground Gas Storage, Utilities, Poland
2012 Bogata, Gas Compressor Station, Romania
2012 Bordosiu, Gas Compressor Station, Romania
2012 Sg. De Padure, Gas Compressor Station, Romania

2012 Ludus, Gas Compressor Station, Romania
2011 Przemyśl Zachód Gas Compression Station, Design, Poland
2011 Bonikowo Natural Gas Plant, Poland
2011 Brzeźnica Natural Gas Plant, Poland
2011 Strachocina Development of Underground Gas Storage, Poland
2011 Pogórska Wola Gas Compressor Station, Utilities, Poland
2011 Kosakowo Underground Gas Storage, Poland
2011 Pogórska Wola Gas Compression Station, Utilities, Poland
2011 Ryłowa-Rajsko Natural Gas Plant, Poland
2011 Dzików Natural Gas Plant, Poland
2011 Tarnogród Natural Gas Plant, Poland
2011 Żołynia Natural Gas Plant, Poland
2011 Rzeszów Natural Gas Plant, Poland
2011 Wola Różanecka Natural Gas Plant, Poland
2011 Jasionka Natural Gas Plant, Poland
2011 Strachocina Natural Gas Plant, Poland
2010 Tarnów Natural Gas Plant, Phase II, Poland
2010 Jabłonna Natural Gas Plant, Poland

OUR TECHNOLOGY

- Crude Oil Plants
- Natural Gas Processing Plants
- LNG Production Plants
- LNG Regasification Satellite Stations
- LNG Terminals
- LPG & Condensate Extraction Units
- Gas Sweetening Units
- Glycol Gas Dehydration Units
- Mole Sieve Gas Dehydration Units

- Sulfur Recovery Unit (SRU)
- Underground Gas Storage (UGS)
- Nitrogen Removal Units (NRU)
- Compression Stations
- Storage Tanks
- Steel Pipelines
- Heat & Power Generation
- Water Treatment

INTERNATIONAL ACTIVITY & PRESENCE

CONTROL PROCESS Capital Group consists of 30 specialized companies with 25 years of experience in executing of the investment for industry.

Key Figures*:

Turnover: ~ 150 mln EUR

Employment: ~ 1200

Engineers employed: ~ 35%

Average figures for last 5 years for CONTROL PROCESS Capital Group
